Brief outline of Nominee's past employment history

Jason has been employed by Michelbook Country Club for more than 25 years. He earned his turf management degree from Rutgers University after high school and began his career at Michelbook as the lead mechanic. He continued as the mechanic and fleet manager full time until October of 2021 when our Superintendent relocated to Aspen Lakes. Jason approached me with an extremely helpful solution to filling the management void in the course maintenance management team when our superintendent relocated. We could move our assistant superintendent to superintendent and Jason would take on the assistant superintendent responsibilities.

Basis of nomination (i.e. significant accomplishments, work performance, service to the profession, etc.)

His idea to move to an assistant superintendent role to support our then assistant superintendent in his transition to superintendent worked seamlessly. Jason became more involved with oncourse operations while training another mechanic to take on day to day equipment maintenance tasks. Jason has been extremely instrumental in tee construction projects, bunker renovations, and in removing collar dams on the perimeters of greens. Jason is often times the project engineer and supervisor. He and our superintendent have great vision and Jason is usually the guy with the transit setting the grade on tees and is skilled operating any piece of equipment necessary to complete a course improvement project. He is also one of the best mechanics I've had the pleasure of working with.

Nominator Information

Name

Luc Miller

Position

general manager

**Assistant Superintendent of the Year Award : Entry #
