RE: Oregon GCSA Legacy Scholarship Application – Recommendation for Andrew Leonard

It is with great enthusiasm that I recommend Andrew Leonard for the 2026 Oregon GCSA Legacy Scholarship.

I have personally known Andrew for almost two years – in the capacity of a mentor. I met Andrew when he moved into his college residence called Antioch House in Corvallis, where I serve as the House Dad.

In the time I've known him, I've grown in respect for him as a leader, example-setter, and as a friend. The last few years of his life have been marked with great challenges – and what I've observed is that through those experiences he has chosen to grow. All of us face challenges & setbacks in life, and how we choose to respond in/through them speaks volumes to our character. Andrew has become more engaging, empathetic, and purposeful in the time that I've known him.

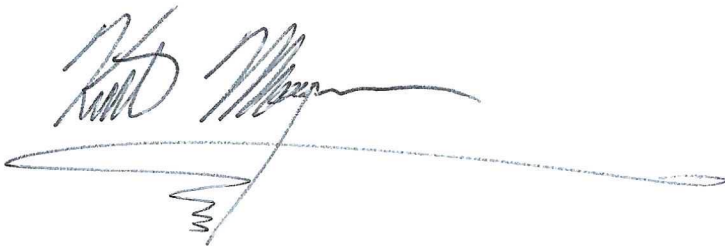

I have also seen Andrew in the context of his living at Antioch House (a co-op of about 50 college-age men). He is recognized as one of the leaders of the house, and others look to him and the example he sets. He is engaging, easy to talk with, outgoing, and makes friends easily. Within Antioch House he was chosen to be one of nine individuals who is responsible for leading a smaller group of residents in weekly study and conversation.

Aside from his leadership example I've seen at Antioch House, he is also a disciplined man. He is faithful to living a healthy lifestyle through regular exercise & weightlifting – as well as being mindful of a healthy diet. (He has been an example and encouragement to me to do the same.)

While I know that through his family he is well-connected to the golf community, he doesn't limit his enjoyment of the outdoors to golf alone. He can be found in the mountain snow in the winter, hiking in the spring and summer, and enjoying just about every other form of sport in the in-between times.

I'm excited that you're considering Andrew for this scholarship, and I hope that you'll have the chance to meet or talk with him as well – and get a sense of the man I've come to know these past two years.

Thank you for your consideration.

A handwritten signature in black ink, appearing to read 'Keith Miller', is written over a horizontal line. The signature is fluid and cursive.
